THE IMPACT

A wide-angle photograph of an outdoor lounge area at dusk. In the center, a large, circular fire pit with a stone base is filled with a bright, crackling fire. Surrounding the fire pit are several wooden tables and chairs, some with cushions. In the background, a misty landscape features several small, rustic houses with dark roofs, and distant mountains are visible under a soft, hazy sky. The overall atmosphere is warm and inviting.

WHY IT WORKED

The program succeeded because it balanced strategic depth with intentional moments of connection, creating space for leaders to think, engage, and align without distraction. By seamlessly integrating content, activity, and hospitality into a single, cohesive flow, the retreat felt purposeful rather than programmed—allowing meaningful conversations and relationships to develop naturally in an elevated setting
